

It's time to get serious about your prostate. With age, men grow increasingly vulnerable to prostate complications. PR Complex® from Quality of Life Labs is a blend of the most researched and effective ingredients available to support a healthy prostate*. This powerful and proprietary formula combines Genestein Combined Polysaccharide (GCP® is a patented ingredient derived from soy isoflavones), saw palmetto, selenium, lycopene and green tea to provide daily care for this vital male gland.

Selenium may reduce the risk of certain cancers. Some scientific evidence suggests that consumption of selenium may reduce the risk of certain forms of cancer. However, FDA has determined that this evidence is limited and not conclusive (FDA qualified claim 2/03).

WARNING: DO NOT USE IF SEAL IS BROKEN OR MISSING: Keep out of reach of children. Store at room temperature.

CAUTION: Consult your healthcare professional before use if you have or have had a medical condition or are taking prescription medication.
